

2020 Central New York **NATIVE PLANT** **Shopping Guide**

Compiled by
Habitat Gardening in Central New York

a chapter of Wild Ones:
Native Plants, Natural Landscapes

About HGCNY and Wild Ones

Habitat Gardening in Central New York (HGCNY) is a chapter of Wild Ones: Native Plants, Natural Landscapes (www.wildones.org), a national not-for-profit environmental education and advocacy organization.

Our mission is to promote environmentally sound landscaping practices to encourage biodiversity through the preservation, restoration and establishment of native plant communities.

Learn about our programs and resources, including our free e-newsletter and our annual native plant sale on the web at www.hgcny.org and on Facebook at www.facebook.com/hgcny.

Thank you for using our CNY Native Plant Shopping Guide

HGCNY creates this Guide each year to help you find native plants to purchase. We invite native plant nurseries in CNY to provide a list of native plants they plan to sell during the growing season. We review their selections and compile this Guide, which may be freely downloaded, printed, and shared. It may be printed and sold, but only for the cost of printing. The nurseries in this Guide do not pay to be included, nor are they paid to participate. View online or download additional copies of this Guide from our website at www.hgcny.org/shopping/.

The plants are listed two ways, though we encourage you to use the scientific names:

Section 1: By scientific name for ferns, grasses/sedges/rushes, wildflowers, vines, shrubs, and trees

Section 2: By common name for each of these plant types

This Guide's definition of "native"

HGCNY favors the Darke/Tallamy functional definition of "native" as found in *The Living Landscape*: "***A plant or animal that has evolved in a given place over a period of time sufficient to develop complex and essential relationships with the physical environment and other organisms in a given ecological community.***" We make judgments about which plants to include based on The Biota of North America database at www.bonap.org. The plants included in this Guide may not be strictly native to CNY, but they should be native to the Northeast in general.

The codes we use in our Guide

List entries in **BOLD** type: These plants are "Biodiversity All-Stars" according to Doug Tallamy and William Cullina, so they contribute to increasing biodiversity. We encourage you to include these in your landscape!

S for Species and C for Cultivar: This Guide includes native plant species, *not cultivars*. An exception for now: some cultivars of plants that require both a male and female plant (e.g. winterberry) and those species that are compromised in some way (e.g. American elm). **Cultivars** of native plants (increasingly termed "nativars") are generally propagated vegetatively to preserve selected traits attractive to people. **Species**, on the other hand, provide genetic diversity and provide desirable habitat qualities. Read more about the Wild Ones position on nativars at: <https://www.hgcny.org/factsheets/>.

L for Local: Plants grown from **local** ecotype seeds and plants are indicated by an "L." Why is this important? For example, a red maple from the South and one from the Northeast are both *Acer rubrum*, BUT the local ecotype plant will better match local conditions. We applaud our nurseries for increasingly propagating plants from locally-collected seeds. We encourage you to choose these plants.

Shopping tips

- **Use the full scientific name**, including the first (*Genus*) and second (*species*) names. Sometimes knowing the particular variety is important, too, and is noted as “var.” Some scientific names have been updated to more accurately reflect plants’ evolutionary history and relationships. We’ve included updated names as well as commonly used synonyms to simplify using references that may use older names. *Common names are not as accurate.* We’ve included a list of common names for convenience but we encourage you to use scientific names when you research and choose plants.
- **Use native plant references** to research and plan your purchases. Know the conditions of your own site and choose plants that will thrive in those conditions. *Bring your books and lists with you when you shop!*
- **Read plant labels carefully.** *Be aware that many stores or nurseries may use plant labels that say “Native,” but they may be native to the continent, not to the Northeast.* Plants native to the Pacific Northwest, for example, don’t belong in CNY.
- **Patronize nurseries that sell nursery-propagated native plants** from seeds or cuttings. Never dig plants from the wild or buy plants dug from the wild. Ask nurseries about the source of their plants.
- **Buy pesticide-free plants.** Increasingly, plants are treated with *systemic* pesticides: pesticides incorporated into the plant that don’t wash off and can linger in the soil for years. These pesticides (banned in some countries) may harm pollinators when they visit the plant. Buying Organic-certified plants ensures that no pesticides were used, but many plants are not labeled as such. *Explore this issue further with each vendor.*
- **CALL AHEAD** to confirm nursery hours and the **availability of your desired plants** before setting out.

To learn more, we recommend:

Native plant websites:

New York Flora Atlas: www.newyork.plantatlas.usf.edu/ – **Important:** Filter for “Native”
Biota of No. America Program: bonap.org/ - Shows native range of plants (green=ative; blue=non-native)
Native Plants for Birds at www.audubon.org/plantsforbirds - Audubon list
Lady Bird Johnson Wildflower Center at <https://www.wildflower.org/plants/> by state, size etc.

Native plant books: Note that some of these include plants native to other parts of the continent:

Joel Baines: *Native Plants for Native Birds*, published by Ithaca’s Cayuga Bird Club
Donald Leopold: *Native Plants of the Northeast: A Guide for Gardening and Conservation*
William Cullina: *Wildflowers: A Guide to Growing and Propagating Native Flowers of No. America*
William Cullina: *Native Trees, Shrubs, & Vines*
William Cullina: *Native Ferns, Moss, & Grasses*

Habitat gardening books – Highly recommended!:

Douglas Tallamy *Nature’s Best Hope: A New Approach to Conservation that Starts in Your Yard*
Rick Darke and Doug Tallamy *The Living Landscape: Designing for beauty and biodiversity*
Douglas Tallamy *Bringing Nature Home: How You Can Sustain Wildlife with Native Plants*
Sara Stein *Noah’s Garden: Restoring the Ecology of Our Own Back Yards* – an enduring classic!

Discussion course: HGCNY has created a 6-session discussion course called “*Caring for Our Piece of the Earth*” for use in small groups or for individuals. FREE to download at www.hgcny.org/course/.

Habitat gardening websites:

HGCNY website at www.hgcny.org – describes our programs and projects; links to more information
Stewardship Garden at www.ourhabitatgarden.org/ - An example of a local HGCNY habitat garden
Audubon’s Bird-Friendly Communities: www.audubon.org/conservation/bird-friendly-communities

Participating nurseries

We recommend you always CALL AHEAD to confirm hours and plant availability before setting out.

A Amanda's Garden

8030 Story Road
Dansville, NY 14437
(585) 750-6288

www.amandasnativeplants.com/

B Go Native! perennials

Native flowers, grasses, shrubs, vines,
trees for landscape re-naturalization
and watershed buffering.
Skaneateles, NY 13152
(240) 626-5209

Coming soon, an online inventory at

www.GrowingforSkan.com

C The Plantsmen Nursery

482 Peruville Rd. (Route 34B)
Groton, NY 13073
(607) 533-7193

www.plantsmen.com

D White Oak Nursery

Physical location:

4350 Kipp Rd., Gorham, NY 14461

Mailing address:

801W. Washington St., Geneva, NY 14456

(315) 789-3509

www.whiteoaknursery.biz

Approximate location of the nurseries

Please check your plants for worms

Virtually any worm you find in a plant pot is NOT native and should be destroyed.

Learn why this important:

Cooperative Extension factsheet at

<http://hgcnny.org/docs/Jumping%20Worms.pdf> or

Great Lakes Worm Watch at

<http://greatlakeswormwatch.org>

Need help designing and/or installing your landscape?

You can create habitat for wildlife and a healthier planet simply by planting native plants. But if you're unsure of what to plant in your yard or how to design an attractive landscape, the following CNY nurseries and landscapers can help. ***Stress that you're interested in a natural landscape with NATIVE plants!***

Amanda's Garden – Consults with you, evaluates your site and recommends plants. They can help with gardens for shady areas, or bird and butterfly gardens. Contact Ellen Folts at amandasnativeplants.com.

Ecoscope Design - Organic landscaping and lawn care services in CNY; landscaping buffers with native plants to protect Skaneateles Lake. Contact Lyle or Tom: (315) 720-8887 or ecoscapedesignofcny.com.

The Plantsmen Nursery – Offers both design and install services throughout Tompkins County, sometimes as far as Binghamton and Syracuse or further. Contact plantsmen.com/design for details.

Rootz LLC - Site assessment, planning and installation of riparian buffers and living shorelines using native plants. Contact Matt at (315) 530-5294, mbiondolillo@rootzllc.com, or rootzllc.com.

Turtle Island Landscapes - Design plans, consultation, maintenance, project management for garden and design installations. Contact Mena at 608 217 0696 turtleislandscapes.com/.

White Oak Nursery – Offers both design and install services in the Syracuse/Ithaca/Rochester area. Contact Jim Engel at www.whiteoaknursery.biz for details.

HGCNY thanks you for using our Native Plant Shopping Guide!

FERNS				
<i>Adiantum pedatum</i>	Maidenhair fern	L		
<i>Asplenium platyneuron</i>	Ebony spleenwort	L		
<i>Asplenium scolopendrium</i> var. <i>americanum</i> Syn: <i>Phyllitis scolopendrium</i> var. <i>americana</i> BUT NOT the Eurasian <i>A. scolopendrium</i> var. <i>scolopendrium</i>	American hart's-tongue fern	S		
<i>Asplenium trichomanes</i>	Maidenhair spleenwort			
<i>Athyrium filix-femina</i>	Lady fern	S	S	
<i>Cheilanthes lanosa</i>	Hairy lip fern			
<i>Cystopteris bulbifera</i>	Bulblet fern			
<i>Cystopteris fragilis</i>	Fragile fern			
<i>Dennstaedtia punctiloba</i>	Hayscented fern			
<i>Deparia acrostichoides</i>	Silvery spleenwort			
<i>Dryopteris carthusiana</i> Syn: <i>Dryopteris spinulosa</i>	Spinulose wood fern			
<i>Dryopteris celsa</i>	Log fern			
<i>Dryopteris cristata</i>	Crested wood fern	S		
<i>Dryopteris goldiana</i>	Goldie's wood fern			
<i>Dryopteris intermedia</i>	Evergreen wood fern			
<i>Dryopteris marginalis</i>	Marginal shield fern	S		
<i>Homalosorus pycnocarpus</i>	Glade fern			
<i>Matteuccia struthiopteris</i>	Ostrich fern		S	
<i>Onoclea sensibilis</i>	Sensitive fern	L	S	
<i>Osmundastrum cinnamomeum</i> Syn: <i>Osmunda cinnamomea</i>	Cinnamon fern		S	
<i>Osmunda claytoniana</i>	Interrupted fern	L		
<i>Osmunda regalis</i> var. <i>spectabilis</i>	Royal fern	L	S	
<i>Parathelypteris noveboracensis</i> Syn: <i>Thelypteris noveboracensis</i>	New York fern			
<i>Phegopteris connectilis</i>	Long beech Fern	S		
<i>Phyllitis scolopendrium</i> var. <i>americana</i> Syn: <i>Asplenium scolopendrium</i> var. <i>americana</i> BUT NOT the Eurasian: NOT: <i>A. scolopendrium</i> var. <i>scolopendrium</i>	American hart's-tongue fern	S		
<i>Polypodium virginianum</i>	Rock polypody fern			
<i>Polystichum acrostichoides</i> var. <i>acrostichoides</i>	Christmas fern	L	S	

L = Local ecotype S = Species
c = Cultivar

SCIENTIFIC NAME	COMMON NAME	Amanda's Gdn	Plantsmen	White Oak
<i>Polystichum braunii</i>	Braun's holly fern	S		
<i>Pteridium aquilinum</i>	Bracken fern			
<i>Thelypteris noveboracensis</i> Syn: <i>Parathelypteris noveboracensis</i>	New York fern			
<i>Thelypteris palustris</i>	Marsh fern	L	S	
<i>Woodwardia areolata</i> Syn: <i>Lorinseria areolata</i>	Netted chain fern	S		
<i>Woodwardia virginica</i> Syn: <i>Anichstea virginica</i>	Virginia chain fern	S		
GRASSES / SEDGES / RUSHES				
<i>Andropogon gerardii</i>	Big bluestem	S	S	
<i>Bouteloua curtipendula</i>	Sideoats grama	S	S	
<i>Carex appalachica</i>	Upland sedge	S		
<i>Carex aurea</i>	Golden-fruited sedge		L	
<i>Carex gracillima</i>	Graceful sedge		L	
<i>Carex grayi</i>	Gray's sedge	S		
<i>Carex intumescens</i>	Bladder sedge			
<i>Carex lupulina</i>	Hop sedge		S	
<i>Carex pensylvanica</i>	Pennsylvania sedge	S	S	
<i>Carex plantaginea</i>	Plaintain sedge	S		
<i>Carex radiata</i>	Eastern star sedge			
<i>Carex rosea</i>	Upland star sedge <i>aka Rosy sedge</i>		L	
<i>Chasmanthium latifolium</i> Syn: <i>Uniola latifolia</i>	Northern sea oats	S	S	
<i>Danthonia spicata</i>	Poverty oat grass	S		
<i>Elymus canadensis</i>	Canada wild rye	S		
<i>Elymus hystrix</i> Syn: <i>Hystrix patula</i>	Bottlebrush grass	L	L	
<i>Eragrostis spectabilis</i>	Purple lovegrass		S	
<i>Glyceria canadensis</i>	Rattlesnake grass	S		
<i>Hierochloa odorata</i>	Sweet grass			
<i>Hystrix patula</i> Syn: <i>Elymus hystrix</i>	Bottlebrush grass	S	L	
<i>Juncus effusus</i>	Soft rush		L	
<i>Juncus tenuis</i>	Path rush	S		
<i>Luzula acuminata</i>	Hairy woodrush			
<i>Luzula multiflora</i>	Common woodrush			
<i>Panicum virgatum</i>	Switchgrass	S	S	

L = Local ecotype S = Species
c = Cultivar

SCIENTIFIC NAME	COMMON NAME	Amanda's Gdn	Plantsmen	White Oak
<i>Schizachyrium scoparium</i>	Little bluestem	S	S	
<i>Scirpus atrovirens</i>	Green bulrush		L	
<i>Scirpus cyperinus</i>	Wool grass		L	
<i>Sorghastrum nutans</i>	Indiangrass	S	S L	
<i>Sporobolus heterolepsis</i>	Prairie dropseed	S	S	
<i>Uniola latifolia</i> Syn: <i>Chasmanthium latifolium</i>	Northern sea oats	S	S	
HERBACEOUS WILDFLOWERS				
<i>Acorus americanus</i>	American sweet flag			
<i>Actaea pachypoda</i>	White baneberry aka Doll's eyes	L	L	
<i>Actaea racemosa</i> Syn: <i>Cimicifuga racemosa</i>	Black cohosh	S	S	
<i>Actaea rubra</i>	Red baneberry aka Doll's eyes	L	S L	
<i>Agastache foeniculum</i>	Anise hyssop	S	S	
<i>Ageratina altissima</i> Syn: <i>Eupatorium rugosum</i>	White snakeroot		L	
<i>Allium cernuum</i>	Nodding onion	S	S	
<i>Allium tricoccum</i>	Wild leek aka Ramps	L	L	
<i>Amsonia tabernaemontana</i>	Blue star	S	S	
<i>Anaphalis margaritacea</i>	Pearly everlasting	S		
<i>Anemone acutiloba</i> Syn: <i>Hepatica nobilis</i> var. <i>acuta</i>	Sharp-lobed hepatica	S		
<i>Anemone americana</i> Syn: <i>Hepatica nobilis</i> var. <i>obtusata</i> ; Syn: <i>H americana</i>	Round-lobed hepatica	L		
<i>Anemone canadensis</i>	Canada anemone aka Windflower	L	S	
<i>Anemone virginiana</i>	Thimbleweed aka Tall anemone	L	S	
<i>Anemonella thalictroides</i> Syn: <i>Thalictrum thalictroides</i>	Rue anemone	S		
<i>Aplectrum hyemale</i>	Puttyroot			
<i>Apocynum cannabinum</i>	Hemp dogbane aka Indian hemp			
<i>Aquilegia canadensis</i>	Wild columbine	L	L	
<i>Aralia racemosa</i>	American spikenard	L	L	
<i>Arisaema dracontium</i>	Green dragon	S		

SCIENTIFIC NAME	COMMON NAME	Amanda's Gdn	Plantsmen	White Oak
<i>Arisaema triphyllum</i>	Jack-in-the-pulpit	L	L	
<i>Aruncus dioicus</i> var. <i>dioicus</i> NOT var. <i>acuminatus</i> NOT var. <i>vulgaris</i>	Goat's beard	S		
<i>Asarum canadense</i>	Wild ginger	S L	S	
<i>Asclepias incarnata</i>	Swamp milkweed	L	L	
<i>Asclepias syriaca</i>	Common milkweed		L	
<i>Asclepias tuberosa</i>	Butterflyweed	S L	L	
<i>Aster cordifolius</i> Syn: <i>Symphotrichum cordifolium</i>	Aster, Heart-leaved <i>aka</i> Blue wood aster	L	L	
<i>Aster divaricatus</i> Syn: <i>Eurybia divaricata</i>	Aster, White wood	L	S L	
<i>Aster laevis</i> Syn: <i>Symphotrichum laeve</i>	Aster, Smooth	S	S	
<i>Aster macrophyllus</i> Syn: <i>Eurybia macrophylla</i>	Aster, Bigleaf		S	
<i>Aster novae-angliae</i> Syn: <i>Symphotrichum novae-angliae</i>	Aster, New England	L	S L	
<i>Aster novi-belgii</i> Syn: <i>Symphotrichum novi-belgii</i>	Aster, New York <i>aka</i> Dwarf aster	L		
<i>Aster oblongifolius</i> Syn: <i>Symphotrichum oblongifolium</i>	Aster, Shale		S	
<i>Aster prenanthoides</i> Syn: <i>Symphotrichum prenanthoides</i>	Aster, Crookedstem <i>aka</i> Zig-zag aster		S L	
<i>Baptisia alba</i> Syn: <i>B. leucantha</i>	Wild white indigo		S	
<i>Baptisia australis</i>	Blue false indigo	S	S	
<i>Blephilia ciliata</i>	Downy wood mint		S	
<i>Boltonia asteroides</i>	False aster <i>aka</i> White doll's daisy		S	
<i>Caltha palustris</i>	Marsh marigold	L	S L	
<i>Campanula rotundifolia</i>	Harebell		S	
<i>Campanulastrum americana</i>	Tall bellflower			
<i>Capnoides sempervirens</i> Syn: <i>Corydalis sempervirens</i>	Rock harlequin			
<i>Cardamine concatenata</i> Syn: <i>Dentaria laciniata</i>	Cutleaf toothwort	L		
<i>Cardamine diphylla</i> Syn: <i>Dentaria diphylla</i>	Two-leaved toothwort	L		
<i>Cassia hebecarpa</i> Syn: <i>Senna hebecarpa</i>	Wild senna	S	S	
<i>Caulophyllum thalictroides</i>	Blue cohosh	L	L
